Democrat Established 1868 Vol. XXXIX. | Consolidated 1907

SEDALIA, MISSOURI, WEDNESDAY EVENING, JULY 31, 1907

VOL. 1. NO. 205. PRICE FIVE CENTS

WATER COMPANY READY

MR. ANDREWS WANTS TO FIX ASPHALT PAVEMENT AS SOON AS POSSIBILE.

MUST BRING A CAR TO SEDALIA

For the Work to Be Properly Done-Street Railway People Willing to Join and Both Are Waiting for City to Do Its Part.

In reference to the bad condition of the street at the corner of Sixth and Moniteau, spoken of in Monday's Pemocrat-Sentinel, Mr. L. P. Audrews, manager of the water works company was seen Tuesday, and made a statement to this paper. which places his company in the proper light, and which should be given to the public, so that their position may be understood and appreciated by those who have noticed and complained of the bad state of the street referred to.

Mr. Andrews stated that the streets through which his pipe lines have been run have all been put in proper condition, with the exception of Fourth, Fifth and Sixth streets, which are paved with asphalt. On these the ditch has been filled up with dirt, and when it has sunk more dirt has been put in, but the streets cannot be put in first-class condition without the asphalt covering.

There are no facilities for prepar ing this material in Selalia, nor is there anyone conversant enough with the work to do a good job. In consequence of this, Mr. Andrews says that he and Mr. Hamner, of the street railway company, botl of whem, along with the city, have streets to fix, requiring this maerial, agreed with Mayor Collins to Iring a car of asphalt, together with he proper appliances and skilled met for cooking and laying the same, to Sedalia, and both the water works company and the street railway company are now, and have been for some time, ready the chain gang. to do their part toward bringing this car here. They have ony been waitneeds and expresses a villingness to join them, when the maerial will be bought and the work begun and finished expeditiously.

Mr. Andrews says he il ready now, and Mr. Hamner also, and that the only reason that the wolk is delayed it will do in the premies. Mr. An- man, too. drews further stated thit, of course, he could go to work aid bring the asphalt to the city in the small lots necessary for his compay alone, but if he did so the work would necessarily be poorly done, fo unless a car containing all the upo-date appliances could be secured with compeshort of being high gade, and the

drews and his compan as it shows mission he does not know. that they are willing to do everything possible to cart out their agreement to put the reets back as they were before bein torn up. It is hoped the city wi make up its Hugh Higgins Met Arnold Zimmermind quickly to join tith the two companies so that the latter can be attended to at an ear date.

Mission of the Hon. W D. Steele to Calhoun.

Recently Hon. W. Disteele, of Sedalia, spent a day in alhoun to locate the grave of hisgreat grand he was going. father, Capt. William Bills, who was a captain in Washingte's army and was present at the surinder of Lord Cornwallis at Yorktow says the Clinton Democrat.

with cruelly whipping Willie Bruce, a JNO. D. MURPHY HAS SOMETHING There were four prizes, the first two TO SAY REGARDING LIB-ERTY PARK LAKE.

Chief Characteristics-A Slap at the Recent Citizens' Ticket Here.

To the Democrat-Sentinel:

Doesn't it seem strange that the mud hole, or so-called lake, situated in the northeast corner of Liberty park, should spring into prominence se suddenly? That so many people should realize all at once that there was a lake attached to the park, or that their children needed a mud puddle to paddle in?

I own three acres of ground north of Liberty park, or almost opposite this recently famous lake. Business WAS UNEARTHED BY AN ASSESSOR has taken me in that part of town often, and I have never yet had the pleasure of seeing any of the gentlemen who expressed their views in Of Course It Was Not Intentional, last night's paper near that spot. can say without fear of contradiction that none of them have been there more than twice this year.

WOULD REMOVE THE LID

THIS IS THE SUGGESTION OF A ST. LOUIS FEMALE STENOGRAPHER.

WON A PRIZE OF \$25 FOR POINTER

Let the City Be "Wide Open," as it Was During the World's Fair, if 1,000,000 Population Is Really Desired.

St. Louis, Mo., July 31.-Miss May THE STANDARD'S TRACKS E. Healey, business woman and winner of the West End Business Men's \$25 prize for the best suggestion for improving St. Louis, believes the most important of her nineteen suggestions is:

"Take the lid off; let it stay off iorever."

Miss Healey, who never saw a horse race or a ball game, says she means exactly what she said about the lid, and wrote it because she believed so, not because she expected to win the prize by it.

"It may seem a strange thing for a young woman to suggest," she said to a Post-Dispatch reporter Tuesday, "but I believe in making this the kind of a city that will suit all sorts of people. It takes all sorts to make a great city.

"The way to run St. Louis to make t a city of 1,000.000 people or more, Indianapolis, Ind., July 31.—George is the way it was run during the world's fair. I believe if the city had remained wide open, and attractive to as woman suffrage is the opinion ex- qua-goers, made their final appearall sorts and classes of people, as it pressed by Miss Anna Clarke, of ance yesterday afternoon and last was then, we would have 1,000,000 Boonville, one of the prominent club persons today.

That's the meat in the cocoa- Sunday at 11 a. m. for an important nut; he owns the land, and wants to dispose of it, and to do so most advantageously the lake must be sac-

All that Mr. Murphy says regarding the present condition of the lake is granted. It isn't kept up as it should be, and during all the agitation for its preservation, it has always been said that with proper care and attention, the little sheet of water would be one of the chief beauty spots of the city.

And that's what this paper has constantly contended for, preservation and attention from the city authori-

The accusation made by Mr. Murphy, who seems to think that abuse is argument, that those people whose opinions were expressed in the interviews published Tuesday evening were only seeking notoriety and free advertising, is without foundation, and does a great injustice to men and women, who, unlike the accuser, have not a dollar to gain or lose in the matter, yet are willing to add their voices to aid and uphold a purely civic improvement movement.

These interviews were secured by a Democrat-Sentinel reporter, and were given at the request of the paper and published only to show the state of public sentiment existing. Not one of those quoted sought publicity; not one of them requested that | Call me when in need of re- written charges and proceed to inthey be quoted.

Mr. Murphy's article has corroborated every statement made by this paper during the present agitation, and will doubtless result in being helpful rather than harmful to the object aimed at by the people of Sedalia, for all of which he should be given thanks.

JAPAN ANNEXES KOREA

All events now transpiring at Seoul indicate that Japan is going to make her hold on Korea fast and secure for all time while the opportunity presents itself. Had the Hague incident not transpired the process of absorbing the hermit kingdom would, perhaps, have taken longer time. The change would have come about graduaally, and while it would in all probability have been as complete in the end, there is always the possibility of complications arising which may foil as in the case of Russia, when she Entered as second-class matter Jan- was worming her way into the very Matron and the Two Women Memuary 2, 1907, at the postoffice at Se- | country of which Japan has despoildalia, Mo., under the Act of Congress ed her. From that date a ceaseless warfare heavy loss and great inconvenience from the big fire of January 9, up to March 8, I had received nothing but praise and compliments from the public and board of managers for my ability and competency in caring for 450 inmates and about sixty teachers and employes without serious discomfort or inconvenience.

"Each and evey member congratulated me repeatedly on my ability to neet the contingency. After the March board meeting and ever since that time it has been impossible for me to please the matron and the two lady members of the board, or to do anything right here. I have worked harder during that time than ever before, and have gone from early until widnight, many and many a day, in order to assure myself that everything that was possible was being done for the unfortunate and afflicted inmates of the institution.

"I have had most splendid treatment from the steward, S. W. Armeutrout, who is clean, able and effective in every way, but I have had no support from the matron, and not only had to carry on my work, but a greater portion of hers at the same time, and if I should attempt to point out a duty to her would be so roundly scored and abused that I would wish I had not spoken to her about the matter.

"I invite the board of managers, the public and everybody to come out any time to the institution, day or night, and inspect it from cellar to am competent and efficient. Since the dismissal of Mrs. Osborne and the installation of Mrs. Brown everybody about the institution already can notice a big change.

"The one who has so long fostered friction, discord and wrangling and in every single instance forced the fight, which invariably came suddenly and without warning, like a thunderbolt from a clear sky, is gone, there by removing the cause. I do not be lieve that the board will insist upon my resignation when they realize what a change has taken place in the institution and find that the real cause of the trouble has been re

Our Wagons Go Everywhere

WHERE WOMEN RULE

NORWAY, ME., WORLD'S MOST DISTINCTIVELY FEMININE CITY.

Sex Supreme in All Vocations-Banks. Hotels, Post Office and Meat Markets All Managed by "Skirts."

Norway, Me.-Frills, furbelows and chiffon do the actual business of this bustling thriving New England town. In every line of commerce and finance, trade and profession, the gentler sex of Norway is successfully engaged, and it is the most distinctly "woman's town" in America. The women not only clothe, hat and shoe the population, but they gracefully preside over meat markets, the post office and three hotels.

The women of Norway marry the living and bury the dead. Legal disputes are settled by a feminine justice of the peace. Sick and wounded are administered to by a woman doctor. The countryside is photographed by another woman. For 22 years the checks of the bank have been cashed by a small white woman's hand, while a quarter of a century is the period that a woman has swayed the morals, opinions and politics of the town through the columns of her paper.

A director in the street railway and the corporation that lights the village is a woman, and she attends each and every meeting of the directorate and gets her pay for attendance with the same regularity that old Uncle Russell Sage did.

Yet it cannot be said that the fair ones of Norway compete with the men. The latter are too gallant to permit of competition. They simply loll back in their big comfortable arm chairs and admiringly tell what their women "folks" can do.

The S. B. & Z. S. Prince store is not only owned by two sisters, but Mrs. William Jones, of this city, was everything in the shop is done by women. The only connection that a man can have with this establishment is as a purchaser.

Across the street from Miss Prince is a shoe store conducted by Miss tiser as easily as she can write its the babe and beyond its reach.

ness," is the modest explanation that life. Cashier Stella B. Pike gives of her association with the Norway National bank. "I soon found out, though, that it took more than an adder of figures to be a financier. But women are especially adapted for the banking business. We are by nature honest, and that is the thing that tells in

If there is not a preacher handy and a couple wish to get married, Miss Margaret A. Baker is the one whom the swain seeks out. As the justice of the peace she is permitted to perform the marriage ceremeny, to acknowledge deeds and administer

This justice of the peace has a clever young sister, Miss Jennie P. Baker. She is one of the most capable business women in Norway, managing a large dry goods store, the proprietor of which lives in Portland. Miss Jennie is about 25 years old.

Caring for the dead is one of the necessary things of life. Miss Grace Thayer owns a large undertaking establishment and is licensed as an un-

dertaker. For eight years Dr. Annette Bennett has been the town physician.

The walls of the studio of Miss Minnie F. Libby are covered with such fine examples of photography that her art should have a national reputa-

The hotel women of this place are noted far and near. Martha C. Whitmarsh came to be the proprietor of the Elm house. She delights to tell of the times, 40 years ago, when the stage, with four, used to dash up to her tavern door. Mrs. Lizzie Woodman is the proprietor of the Beale house. Her sister, Mrs. Ella Tibbitts, was also a hotel keeper, but she has retired rich.

One of the biggest butcher shops in Norway is run by Mrs. Owen P. Brookes, whose husband insists that he never made money until his wife was behind the counter.

There are a couple of women among the large group of money-makers who attend simply to the growing of their fortunes. Miss Elizabeth B. Beal is a director in the Norway & Paris Street Railway company, and she is also a director in the corporation that operates the electric lighting and power for the village and adjacent land.

There is little or no crime in Norway. The town has not a saloon, and liquor is not even sold on the quiet. The men do smoke, but the women are hoping that the time will come, and come soon, when this "vicious" habit will not be indulged in by the voting population.

Easily Adjusted. Chairman Knapp of the interstate commerce commission, told in New

York the other day a French railway

"came to the president of the line and exclaimed disconsolately: 'We are having no end of trouble with the public, sir, about those old dark blue cars. Everybody says they bump so frightfully in comparison with the new light blue ones, which, of course, run very smooth.' 'Humph,' said the pres-Phones 92. 500.10 W. SENATOR IS BY HIM CAST ASIDE.

Resolutions Were Adopted Praising the Work of Both Foraker and Dick-Vorys Pleased With Result.

Columbus, O., July 31.-The candidacy of William H. Taft, secretary of war, for the republican nomination for the presidency, was indorsed by the republican state committee yesterday by a vote of 15 to 6. The indorsement carried with it a declaration that the republicans of Ohio are opposed "to the elimination from pubof Senators Foraker and lic life

Although beaten by a decisive vote in all the preliminary contests, the adherents of Senator Foraker in the committee refused to accept the olive branch extended by the Taft supporters, and when the resolution, as amended, was finally adopted, no effort was made to make the action of the committee unanimous.

The resolution as amended and fi nally adopted by the committee is

"Be it resolved by the republican state central committee, of Ohio,

"We believe that the great majority of the people of Ohio, convinced of the high character, great ability and distinguished services of Secretary Taft, indorse his candidacy for the presidency, and, further,

"We declare that the Republicans Its climate, its animals-Mrs. Irvin of Ohio overwhelmingly demand that the name of Hon. William Howard Its products, its trees and general Taft be presented to the nation as growth for beauty and food; the gen- Ohio's candidate for president, and that the republicans of other states The natives; some of their early be invited to co-operate with the rehabits and customs-Mrs. E. said in my open letter published Tues day morning. I wrote that letter foreseeing the result and feeling that it was my duty to give notic beforehand that I would not be bound by any such unauthorized action.

"The committee had no more right to speak on that subject for the republicans of Ohio than any other twenty-one republicans of the state might have had, and the action of the committee will not affect my course in any way.

"The next state convention will have authority to speak and by the action of that convention it will be the duty of every good republican to abide. In the meantime we shall have our municipal elections and the bene fit of occurring events, in the light of all of which we shall no doubt be able to act intelligently and satisfactorily."

Dick Refuses to Talk. Akron, O., July 31.-Following the reading of the dispatches from Columbus yesterday, in which it was stated that Secretary Taft had been indorsed for the presidency as Ohio's candidate by the republican state central committee, Senator Charles Dick refused to maek any comments. Neither would the junior senator dis cuss the letter of Senator Foraker to the committee, in which the senior made by the committee on the ground that it would be premature.

SPANS SEAS TO JOIN CHILD.

Deported Syrian Travels 33,666 Miles for Daughter's Sake.

North Adams, Mass.-To outwit the immigration authorities and join his eight-year-old daughter here, a Syrian who arrived in this city traveled over 33,666 miles, expended a small fortune in transportation, and consumed six months' time.

The child was brought by her father to the city last winter. The girl found a home, but the father was deported, making the distance traveled when he again arrived at Beirut, Syria, 13,500 miles. He reembarked within a few days for Rio Janeiro, Brazil, 7,425 miles away. His intention was to enter the states at a gulf port, not daring to trust himself again to the immigration officials of the larger eastern cities.

While in Brazil he reached the conclusion that it would be better had he started originally for Canada. At the first opportunity he embarked on a vessel for Colon, whence he crossed the isthmus of Panama. It required several weeks' waiting before he finally embarked on a sailing vessel for Victoria, B. C. He arrived early in May at British Columbia, he had added 8,400 miles to his itinerary.

to Montreal, 3,291 miles. He then determined upon a final cast and headed for the United States. At this point he had no trouble in crossing the line from Canada and made 335 miles from Montreal to Boston. The night he arhis little girl.

TO ILLUMINATE NIAGARA FALLS.

Mist and Water Will Flash All Colors of Rainbow at Night.

Niagara Falls, N. Y .- The contract has been closed for the night illumination of Niagara falls, and the proposed plan for lighting the mighty torrent will be the greatest feat ever conceived in electrical illumination.

The falls will be illuminated for the first time August 15. The illuminating scheme calls for nearly 50 large searchlights, several of them the largest of their kind and capable of throwing a beam of light a hundred been repaired, or so nearly so that on both occasions had slept peace miles, and the new color scintillator, a late invention. The projectors will be located below the falls in two batteries, one at the water's edge and the other on the high ground of the Canadian side. Every inch of the two falls will be under light.

The new color scintillator is an attachment fitted to the searchlights with the commissioner's wishes in the by which the beams of light can be made any color at will. Thus the mist and water bathed in all the colors of the rainbow, will surpass anything in spectacular effect save the great Northern Lights.

The proposition is to illuminate Niagata on a scale in keeping with the surroundings. It is said by the illuminating experts that the rays of colored lights when flashed in the air will be visible at Rochester and

Hammered "Dummy" Hard.

"Dummy" Curtis went in the box for Joplin against Wichita in the latter city yesterday and was hammered so hard that he gave way to Root. Wichita made 22 hits to 5 for Jop!in, and won by a score of 19 to 2. Booze has evidently done the work most effectually for Curtis.

REPORT ON "M. F." LINE

DEFECTS TOBE REMEDIED. AND GOVERNOR MAY DIRECT AN INSPECTION.

CHAIRMAN J. A. KNOTT DISSENTS

Experts May Yet Have to Pass On the Condition of the Missouri Pacific Main Line and Also River Route.

board of railroad commissioners yesterday resumed at the Jefferson ho tel the hearing in the matter lower express rates to and from points within the state. All the express companies were represented, and Mr. Lawrence Maxwelll, for th Adams and the American Express companies, took the ground that the state commission, having two years since promulgated a scale which was held to be reasonable and in which rublic, thus ending the controversy. the express companies acquiesced, effecting a reduction of 10 to 15 per cent in the rates, it was not within the province of the board now to consider a further reduction.

C. W. Stockton, of New York, representing the Wells-Fargo Express company, and J. L. Minnis, of St. Louis, counsel for the Pacific Express company, were heard in opposition to the proposed reduction. They contended that a cut would be confisca tory and the companies could not do business in this state if the tariffs were reduced. The board took the matter under advisement and the ruling will be announced from Jef-

At the afternoon session the board took up the Missouri Pacific track were indulged in by the commissioners. J. L. Sheppard, secretary of the In June he journeyed from Victoria Trackmen's National Union, was present and he made a statement to the effect that, prior to the official inspection of the track by the commissioners, circular instructions were sent out by the Missouri Pacific offirived in that city he covered the final cials to its employes to conceal all 100 odd miles still separating him and defective ties. This is absolutely de nied at the Missouri Pacific head-

Commissioner Oglesby moved tha the order heretofore made in the mat ter and reducing the speed limit be set aside and a substitute report, th substance of which follows, adopted and a copy be served upon

the Missouri Pacific management.

On July 23 J. M. Seibert, statistician, and M. L. Byers, chief engineer stated that the defective places mentioned in the inspection report of June 28 to July 1, inclusive, had now the work would be completed within fully. a very few days, and, in view of these facts, it was the desire of the manage ment that the commissioners at once reinspect the track, that they may be sure that the company is actually in good faith, and is anxious to comply shortest time possible. It was agreed that these commissioners would ac company Mr. Byers on a special train over the tracks, leaving St. Louis Wednesday, July 24.

After detailing the track conditions as they found them the commission ers' report concludes as follows: "Our conclusion of the whole matter, after two very careful inspections, is that while the management has greatly improved the lines since the first inspection, yet there is need of further improvement, as indicated herein We are assured by the management that the needed repairs will be made as rapidly as possible, and we believe She also says that she temporarily they will be, and we believe it to be lost the power of the right side of her our duty to say to the public that there need be no more fear of accident in traveling over the Missouri Pacific lines herein reported on thon he is engaged as a collier. His comover the lines of other railroads in rades are greatly perturbed by the

ed, to be completed within ninety (90) days from the receipt hereof by the management, at which time, or as soon thereafter as practicable, an other inspection will be made by the commissioners and conditions noted.'

Chairman Knott filed two dissent ing or minority reports covering the condition of the track between St Louis and Jefferson City and the river route between Kansas City and Jefferson City. He stated in substance that the track in some places was still unsafe and certainly in no condition for high speed. The re ports gave details of the alleged de

The substitute report was adopted man and E. Raiph Blair.

MEANS BEING SOUGHT TO CURE STRAY WIRELESS VOLTS.

Feared That Telegraph Station at Brooklyn Navy Yard" Will Make Trouble in a Variety of Ways for Neighbors.

Brooklyn, N. Y.-A vast electrical sea will be formed in the environs of the new wireless telegraph station at the Brooklyn navy yard, when the ap paratus is put into operation, receiv ing and transmitting messages.

Anywhere from half a million to a million volts of electrical fluid will be let loose in the atmosphere and everything in the vicinity of the new augmented station that has any electrical affinity whatever for electricity will be surcharged.

When the old station was in operation, M. L. Newman, in charge of the electrical department of the local bureau of yards and docks, had a hard time keeping the electric lighting system in the neighborhood of the station in working order. The ca prices of the electrical fluid often baf fled his plans and many of the arc lights near the Sands street gates were burned out by the energy from the telegraph station.

Now that this energy is being doubled, Mr. Newman, and, in fact, the electricians of the department at Washington, are racking their brains in search of some means of curbing and confining the great refractory sea of electrical waves that will be formed when the new station is put into

The Flushing avenue trolley line of the Brooklyn Rapid Transit company skirts that corner of the navy yard in which is located the wireless station and Mr. Newman fears that unless some method of proper insulation is devised, the energy from the station will seriously affect the operation of trolley cars. When the thousands of volts are released upon the wings of the air, many of them are expected to rush straightway to the trolley wires and trolley poles, to the old cannon decorations of the gate, insignia on the hats of the marine guard stationed at the gate. These volts will hover about these attractive cents like bees in a swarm. Each and every minute electron will be striving to reach the earth and to return to the generators in the power half a lemon and pour the sauce over house by the path of least resistance, the veal. Serve at once. such as a metallic gas pipe, or a con-

Last summer at times when atmosphere was surcharged with natural electricity, as well as with manufactured energy from the wireless station, the marine guard at the Sands street gate were perceptibly affected by the fluid. They absorbed it into their systems so that their hair stood out on end. The metallic insignia on their caps was tarnished and whenever they came in contact with or even near an old cannon or a trolley pole ithere was a snapping sound as of electricity rushing a from their sheathed bayonets to the trolley pole

The trolley wire on Navy street will be freighted with the electrical fluid this summer. And when a trolley car comes along there may be brilliant displays of electrical flame. The switch in the top of the forward platform of the car may slam back; there may be disturbances in the car motors. It is to ward off contingencies of this kind that Newman and the other electricians of the department are addling their pates for ideas.

SELLS HERITAGE FOR A SONG. Youth Accepts \$80,000 for \$1,500,000 in

Two Years.

Santa Monica, Cal.-A stake of \$80, final determining factor, are features to here between Henry C. Keating on one side and a syndicate of four men on the other. The syndicate is composed of J. C. Steele, former postmaster of Santa Monica; Benjamin Hunter, until recently city attorney; Robert W. Miller, secretary of the board of education, and A. W. McPherson, manager of the Edison Gas & Electric

Keating is one of the heirs to the Keating estate, worth about \$5,000,000. His share is about \$1,500,000, but he can not get it until a division of the entire estate is made possible by the coming of age of the younger heir. This will be in two and a half years. for a week, stirring four or five times, In order to convert his prospective a day, then stop up the cask and let \$1,500,000 into actual cash Keating stand six months. This is a supposed has signed over to the syndicate all his rights in the inheritance for \$80,-000, the syndicate running the risk plaints." that he may die, in which case all his interest in the Keating fortune will pass over to the other heirs. Should he live he will come into his part of the estate and the syndicate will then stir into a cupful of hot milk. Boil for be entitled to enforce its claims.

Baden's Physique on Wane. Berlin.-Curious statistics were gleaned in southern Baden in the recent enrollment of recruits. In the Lindau and Allgan districts out of 604 young men liable to service only 20 were found to be up to the physical standard of the military authorities. The peasantry of those districts were been potatoes and skimmed milk.

O. M. Brooks, a former Sedalia druggist and W. F. Paschedag, both of St. Louis, are here to attend the funeral of Mr. Brooks' father this

Mrs. Ora B. Moore and daughter, Edith, of Wichita, Kan., arrived early this morning to visit the family of her brother-in-law, H. L. Moore, for several days.

Miss Pauline Trader returned Tuesday from Sedalia, where she has been visiting. She was accompanied by her sister, Mrs. Geo. Bichsel.-Warrensburg Star. 30th.

Mrs. Leo Harris left this afternoon for a month's visit at Great Falls. Mont., being accompanied there by her sister. Miss Flora Doherty, who has been making an extended visit

Mrs. Leverett Bell, mother of Mrs N. J. Finney, of this city, passed through here over the Missouri Pacific this afternoon, on her way from Fort Leavenworth, Kan., to her home

Henry Pregge, Jr., and his sister, Mrs. Frank Cain, are here from Texarkana, Texas, called by the illness of their father, Henry Pregge, Sr., at the home of his daughter, Mrs. J L. Bellmer, on East Fourth street. Judge I. N. Danforth, of Beaman

is a business visitor here today. Mr. and Mrs. Fred J. Koyl, Twenty fourth and Ohio streets, have broken up housekeeping, and now have apartments at Fifth and Osage streets, with Mrs. J. C. McArthur.

LAY ONLY BY LAMPLIGHT.

McKeever Man Says He has Solved Problem of Eggs in Winter.

Hiram Scott, of McKeever, believes he has solved the vexatious problem of making hens lay eggs when they don't want to. If he has, a road to wealth is open to farmers. He certainly made his biddies come to the scratch and profited thereby.

The discovery was largely due to accident, but if Mr. Scott hadn't been still be minus the great secret.

One night last winter when his their duty, he left a lantern hanging in his henhouse and forgot it. Next morning he was shocked to find the light still burning, for the lantern had little oil in it and might have blown up. Such things have happened.

But the farmer had a greater surprise in store for him. All the hens cackled and in their nests were a

It was plain that 12 of the 18 hens had laid in the night, and as they month he judged the lantern had something to do with it. Whether it was the added warmth or the rays of light he didn't know, but it was plain

Next night the lantern, well filled with oil, was left in the same place ing night the lantern was not lighted and not an egg greated Mr. Scott's gaze in the morning.

It having thus been established that the hens wouldn't lay except under artificial light, the lantern was thereafter provided.

Mr. Scott says that his hens are the period between sunrise and sunset, but that they appear healthy and robust.-N. Y. World.

HE HAD TAKEN OFFENSE AT THE POMPADOUR HIS PRETTY WIFE WORE.

'TUG" RESENTED BY MRS. GIVENS

Holden, is the guest of the priests of Rushing Into Another Room She Grabbed Up a Shotgun and in Consequence Old Man Givens Is No More.

Brewton, Ala., July 31 .- Jos. Givns, the wealthiest turpentine operator in Alabama, is dead because he Miss Nora Quinn, of St. Louis, disagreed with his wife as to the will arrive Saturday to spend a month style she should adopt in dressing her hair and expressed that disagreement by pulling the tresses of Mrs.

Mrs. Givens resented the tug which Mr. Givens gave her hair, and, seizing Mrs. A. B. Dempsey and daughter, a shotgun, discharged the contents into her husband's breast, instant death resulting.

> According to Mrs. Givens; her husband came home under the influence of liquor. Mrs. Givens had just finand this attracted the husband's at-

"I told you never to dress your hair that way," Givens shouted.

continued Mrs. Givens, "jerked me to ers were seriously hurt at a late hour my knees, and said he was going to last night, when the boiler of an enkill me. I broke away and ran, but gine attached to an Illinois Central he followed. Fearing for my life, I fast freight train, north bound, expicked up the gun and fired, and Mr. ploded near this place, wrecking the Givens fell dead. I had to do it to train, as well as another freight train save my life."

Mrs. Givens is young and pretty and a member of an old and wealthy family. She has not been arrested, and it is said she will not be prese. son, Tenn.

BOY WINS NOVEL SUIT.

Members of Court Maybe Harked Back to Their Own Youth.

According to a recent decision in will be destroyed. the Mississippi courts, electric light companies must insulate trees as well as poles, particularly those trees which invite the small boy climber. In a Mississippi town recently a small boy climbed a tree and coming in contact with the uninsulated wires of a lighting company, which passed through the branches, received a shock which caused him to fall. As a result the young climber was badly injured and his father brought suit against the lighting company. The tree in question was a small oak, having numerous branches which came close to the ground. The court handed down the novel decision that as the lighting company had knowledge of the tree and what kind of tree it was, It also ought to have seen that it was just the kind of tree into which children were likely to climb. Therefore, said the court, the immemorial habit of small boys to climb trees filled with abundant branches is one of which corporations stretching wires through such trees must take notice. It was held that small boys had a right to climb such trees and a verdict was given in favor of the father.

WHEN TO WIND A WATCH.

The Morning, Not the Evening, the Best Time, the Watchmaker Says.

"Most people," said the watchmaker, "wind their watches at night; but it would be better to wind them in the morning. You see, we are liable to go to bed at different hours, and so wind our watch at irregular intervals; and it is better to wind it regularly. Then we are more liable to forget to wind our watch at night than in the morning and so may let it run down. But we are pretty sure to get up in the morning at our regular hour, whatever the hour at which we went to bed, and so by winding it then we may insure regularity of winding; and the watch is brought to mind then, when we put it on for use, and we are less likely to forget to wind it. So morning is the best time to wind a watch, if you can get yourself into the habit of winding it then."

PARDON DENIED TUCKER

Application of "Uncle Sam" Official Refused by President.

Washington, July 31.—The presi-tion. dent has denied an application for a pardon made on behalf of H. H. Tucker, who was sentenced on June 5, last, to three months' imprisonment for contempt of court for the district of Kansas.

The alleged contempt consisted in filing an affidavit asking for a change of judge, and making charges against Judge Pollock of the district court. Attorney General Bonaparte recommended to the president that the pardon be not granted.

COMMENT OF A PASSENGER IN A MISSOURI PACIFIC WRECK IN KANSAS.

IT OCCURRED ON MONDAY MORNING

Patron of the Road Says Track in Terrible Shape and He's Surprised They Allow Trains to Run Over It.

The following from the Kansas City Star of Tuesday afternoon would indicate that Col. John A. Knott chairman of the state board of railroad and warehouse commissioners, is right in his demand that the Missouri Pacific management get busy and make needed repairs in its tracks and roadbed in both Missouri and Kansas before it is given a clean bill of sale, as it were, by the board. Here is the Star's article:

Missouri Pacific train No. 4, which was wrecked yesterday morning near Sugar City, Kas., arrived at the Union depot at 12 o'clock today. No one was injured in the wreck except the fireman and a mail clerk, who were taken to Salina. The through passengers arrived in Kansas City at noon. None of these was injured, but Miss Nina Pratt, of Wauconda, Ill., was suffering from the shock.

J. E. Tomisky, of Cary Station, III. was one of the passengers in the chair car which left the rails.

"We were pretty badly shaken up, Mr. Tomisky said, "but other than a good scare, we are none the worse for our experience. The wreck was brella all trimmed up with knots of a bad one and it is a wonder that ribbon. Several times I have been some one in the coaches wasn't hurt obliged to lend an umbrella to men The engine turned completely ever, who got caught in the rain. Each of the mail and baggage cars were those umbrellas was ornamented with! thrown off the right of way and th chair car and the smoker left the finest Guernsey herd in the country. Nowhere is abounding prosperity rails. The two sleepers were the ashamed to be seen walking along the only cars that remained on the rails. The train was running perhaps thirty miles an hour when the accident by sight, and so they expect to see with the busy man, his wife and his happened. We made an examination soon as he left the house and had of the tracks afterward and found that the rails had spread beneath the weightliof the engine, throwing it off the track, and the other cars fol- clety man, and as a result, society west and northwest-even as far as

> "The track at this point is in a terrible condition and I am surprised that they allow trains to run over it. The road bed is soft and mushy and the steel is none too good. It may be all right under favorable circumstances, but a heavy rain soon does the damage."

SIX-YEAR-OLD GIRL TRAVELS 200,000 MILES.

Meets Pope and the President-Roosevelt Gave Her Flowers, but Leo's Reception Was Not So Effusive.

Boston.-With a traveling record of about 200,000 miles to her credit, the "Baby Globetrotter," as Miss Kathryn Leonore Adelia Glenwood Moran is called, has made the announcement she wants to "go to housekeeping," adding she has traveled as much as she cares to and she now prefers to establish and remain in a home of

Miss Leonore is only six years old, but she has visited more different countries and more inaccessible personages than the average diplomat can boast of in a lifetime.

Crowned heads of Europe have recognized the little girl, she was admitted to the presence of the late Pope Leo XIII., being the only child under 12 years who was ever permitted an audience with his Holiness. lieve in the cure implicitly.

"I guess the pope didn't think much about me, though," little Miss Leonore admitted. "He was so old and I was so young, but I remember President Roosevelt very well. He seemed 'deelighted' to see me, and gave me a bouquet of flowers from his library table and I carried them with me to have a photograph taken. We were at Glenwood Springs, Col., when he was out there on his big hunt, and our hotel was the executive headquarters. That is where I was born, and I think that of all the places I have ever seen I prefer Glenwood Springs to all others. You see, part of my name is 'Glenwood.'

"Yes, my name is rather long," lichair out of all proportions to size and chatted about herself wit, a newspaper representative. The name under discussion did seem burdenwith such familiarity of personages oldest relics in the world. This is an have been a little over a week. and places.

BEEF CROUTONS A DAINTY.

Savory Flavoring Is the Most Important Part of Dish.

The secret of success in making

beef croutons lies in the savory flavoring. Fruit juices play a large part in their preparation. Here is a timely recipe for a tasty meat dish: Mince a pint of celd meat very fine, with a small shallot and the grated rind of an orange. Season with salt, pepper and a pinch of grated nutmeg. Put a cup of port wine over the fire and, when hot, add a few teaspoons of brown sauce or good gravy, and a dash of catsup. Finally turn in the minced and flavored meat and simmer gently for five minutes; add a teaspoon of lemon juice and boil up once more. Set back on the stove to keep hot. Cut half-inch slices from a medium dry loaf of bread and shape with a tin heart-shaped cutter. Melt butter in a frying pan, fry the bread to a golden brown, drain on paper and arrange on a hot platter. Heap the minced meat on these, garnish with chopped, hard-boiled egg, or serve on each crouton, forming a nest in the meat, a poached egg. debt which

PACKING THE LUNCH BASKET.

Newspaper Not Proper Thing to Wrap the Eatables In.

When it is not expedient to carry a basket or small box, at least see that the eatables are daintily wrappednot promiscuously jumbled into a piece of newspaper. One is surprised and sometimes almost disgusted to see the method employed by many women who are fastidious in other respects, and it is amazing that they eat with any relish at all when bread, cake, pickles, a banana and possibly a cold boiled potato are tied in newspaper without other wrapping. Every one should know that strong chemof paper, together with rags and refuse, and it is not a cheerful thought that the things we eat come in direct contact with them for several hours. The moisture from the viands causes more or less ink to be absorbed, and, while not necessarily harmful, it is not appetizing, to say the least .-Home Magazine.

Shoulder of Lamb Grilled.

roasted, but is often preferred cooked as neat as it would without the extra in the following manner: Score it piece of material beneath. A ragged about an inch long and rub it over tear always must have an extra piece with a little butter and the yolk of beneath. an egg, then dip it into sifted cracker crumbs. Sprinkle over salt, pepper and sweet herbs, roast until a light brown. This is good with plain gravy, but better with the following

Take a quarter of a pint of drippings from the meat, mix it with the same quantity of water. Place on the fire. When it boils up thicken with a little flour and water mixed. Add a tablespoonful of tomato catsup; season with salt and pepper.

NEW IDEA IN SALAD.

Always Popular Dish Put Up in Novel Manner.

This salad is arranged on individual plates. Take six small lettuce leaves, and arrange them around the plate; in the center of these leaves put about one tablespoonful of salad dressing; this makes the center of the daisy points, which have been made by cutting into narrow strips the whites of hard-boiled eggs. Take the yolks of the hard-boiled eggs, and by mashing them through a strainer and scattering them over the tablespoonful of salad dressing, it will give it a rough appearance, and will give the finishing touch to quite a good counterfeit of a real daisy. The dressing for this salad is made by beating together three eggs, adding to this one cupful of milk, two tablespoonfuls of vinegar half a teaspoonful of salt, the same of white pepper, two teaspoonfuls of mustard, butter the size of an egg, made into a smooth paste by mixing with two teaspoonfuls of water. Boil for about 20 minutes, or until it thickens; when cool arrange on the lettuce

CARE OF TABLE LINEN.

Here Is Truly Where a "Stitch in Time" Does Wonders.

Too little attention is paid to the wear and tear on tablecloths and napkins as a rule. They are washed and ironed and put away, regardless of the places that are becoming thin and worn until these spots become holes and it suddenly dawns on the dismayed housekeeper that her table linen is "going all to pieces."

If tiny holes are found in table linen the first thing to do is to darn them neatly, selecting the numbers of thread or cotton best suited to the material to be darned, using as fine a needle as possible. If the material is much worn it is best to lay a piece of the same under the thin place and darn down upon it. This gives A shoulder of lamb is excellent strength, though it does not look quite

Pittsburg Kids and Their Wheezy Parents Bray at Lawn Party-Medicine Is Feature at Luncheon.

Pittsburg.-"Mrs. W. H. Parker, of Grand View avenue. Duquesne Heights, tendered a whooping cough lawn fete the other evening at her home in honor of her son Georgie, who is suffering from the disease. Over a score of his little friends attended, all of them similarly afflicted."

This bona fide society note was sent to the newspapers here for publica-

Pittsburg is suffering from an epidemic of whooping cough, and every child on Duquesne Heights has the disease and many of the papas and mamas of the children have it, too. The youngsters get tired remaining in the house, and as physicians declare that outdoor exercise is the best thing in the world for whooping cough, Mrs. Parker decided on the lawn fete.

The party was a whooping success. Everyone present whooped, some of them until they were red in the face. To add zest to the affair, Mrs. Parker offered prizes to the boy or girl who whooped the longest and loudest and a booby prize for the one who only

There were many complaints when the prizes were awarded, and some of the unsuccessful ones claimed that the winners had an advantage over them, as they had had the disease

Lunch was served to the music of barking. With the lunch Mrs. Parker served a mild mixture of the medicine which every kid on Duquesne Heights has to take about every five minutes to keep from whooping his head off. mixture that some of the youngsters | Carriage and Baggage Transfer It was only by the liberal use of the could eat at all.

Si Weltmer, he who "skiddoed" to be: far off Ohio and led a charming young lady to the altar without telling his friends, was captured last night and was punished to the full limit of the law, says Tuesday's Nevada Mail.

The 'lynchers' were headed by Si Blue, the twin bachelor, who is now compelled to singlefoot it. The newly made groom was shackled hand and foot, loaded into a dray and hauled about the public square while! the band played "There'll Be a Hot Time," etc.

The grand parade was witnessed by many and the shouts that greeted the center of attraction were simply roaring. Si had telegraphed-no more stormy nights for me-but that was before the storm.

Fastened In By An Accident Work Man Meets Death.

Paris, July 31.-A British workman named Munce, of Manchester, met with a terrible death at St. Ouen.

He was working with some others in the center of one of three furnaces When dinner time came the other men went off. They called to Munce, who was at the far end of the furnace, but he did not reply, and they thought that he already was out. The furnace door was then shut.

When the comrades returned from dinner, having seen nothing of Munce they began a search for him.

Meanwhile Munce had been slowly roasting to death from the heat given out by the two adjoining furnaces.

He was not dead when his con rades threw open the furnace door, but expired immediately afterward.

THE LIBERTY PARK LAKE

Clinton Democrat Says It Is of Priceless Worth to City.

The cit; council at Sedalia has ordered the Liberty park lake filled up and drained, and much regret is ex pressed by the people, as it was the only sheet of water with any possibility of beauty in Sedalia, says the Clintor Democrat.

Walton lake at Butler has passed into the hands of a Kansas City cor- know," said Dorothy after a moment poration that has completely closed it to the public.

A lake or stream is of priceless worth to a city and will be appreciated more and more as time goes on. Clinton is fortunate in having two beautiful artificial lakes, but they are not owned by the public.

HOW IS THIS FOR HEAT

Live Stock of All Kinds Said to Have Dropped Dead.

The Denison Herald of Monday afternoon had this Houston dispatch, under the caption, "Thermometer 17 at McGregor, Texas:"

"A dispatch from McGregor says the most terrific heat ever known vis ited that town Sunday, lasting about an hour. The thermometer registered 179 in the sun and 117 in the shade. An area of three miles was affected. The visitation was accompanied by peculiar haze hanging like a veil over the area affected. Scores of peo ple were overcome and live stock of all kinds dropped dead. There is no explanation of the phenomenon. It is not known that similar heat was felt

TWO FARMS REGISTERED

The First in Pettis County Under the Law Recently Passed.

L. M. Monsees & Sons, of Cmith ton, today registered their farm in Lowling Green township with County Clerk Imhoff, naming the place "The

Limestone Valley Farm." They were the first to register un der the law passed at the last legis-

lature, privileging farmers to register their places by the names they wish them to be called.

W. D. Wise, of Cedar township also registered his farm with Clerk Imhoff, naming his place "The O-K Fruit and Poultry Farm.'

They Moved Down to Boston. Mrs. H. G. Wells and other grownups have had their merry gibes at Boston, but here is a little miss whose unconscious irony puts their best efforts to shame. "Why," asked Dorothy the other night on going to bed; 'why can't we see fairies?" "Because they do not live in the fields and woods here any more," replied

her nurse. "Where are they, thenin heaven?" "Perhaps so." "Oh, I of silent thought. "The angels got tired of their old mansions in the skies, so they let the fairies have them and moved to Boston."-Judge.

Mis: Dillard Some Better.

Miss Annie Ruby Diliard, daughter of Jos. Dillard, who has been ill with fever at her father's home on West Fourth street, is getting along very nicely, but is still confined to her bed, and will likely be for some time.

REGARDING RAILROADS

OPERATORS ON RAILROAD TRI CYCLE ARE WRECKED AT BOONVILLE.

COACH. CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

M., K. & T. railway at Franklin Junction, and Night Operator J. M. Summers, of Boonville, came near being drowned at 10:30 o'clock last night, when they were thrown from a railroad velocipede while crossing the bridge over the Missouri river at Boonville.

The accident was caused by their velocipede striking James Renfroe, a Howard county farmer, who, on seeing a collision inevitable, attempted

to lie down on the railroad track. McCabe caught an iron girder and about three weeks. George Wilson, of the ferry boat, picked Summers out of the river. Renfroe was not injured, Mr. Summer's home is at Pleasat Hill, Mo.

A Missouri Pacific Park.

The Missouri Pacific has asked the Warrensburg council for its co-orera tion in transforming unsightly banks along its right of way in town into beauty spots, and sent a landscape gardener to have charge, says the Clinton Democrat. The city guarantees police protection for the flower beds and has appointed a park board land. to have supervision over the work.

the M. K. & T. to say something RECORD EARNINGS about beautifying its right of way through Clinton.

Changes On Missouri Pacific.

The Missouri Pacific recently dismen holding responsible positions at Coffeyville, Kas., without warning. J C. Dole, formerly of the Great Northenr, has been made division foreman of the mechanical department there, and with his coming a number of other changes were made.

No reasons for the changes was made public, the men being notified merely that their services would no longer be needed. The house one harged a number of foremen au
